VOL. 1 No. 1

FEBRUARY, 1977

LENNOXVILLE, QUÉ.

## A LABOUR OF LOVE

Graham Patriquin was kind enough to speak to me regarding the progress of his book on the history of the School. It is without title yet but near completion. Everything has been written 2-6 drafts apiece with some redoing needed. Parts of the manuscript are at the printer's now and hopefully we will have our first glance at the finished product next fall.

Mr. Patriquin began this task in the Autumn of 1973 and found that the research was definitely the most enjoyable part of the job. He spoke to over 200 individuals for facts and information, twenty of which were lengthy, formal interviews.

The book will contain a generous number of rare photographs and almost all of the people in them have been identified. Unfortunately, many amusing stories he heard were unquestionably unfit to print but he laughingly told me that he was tempted to include them nevertheless!

For Mr. Patriquin personally, the most fascinating period of the School were the Crawford Grier years which he has described in detail.

This book was not written without difficulties to overcome. For example, the years 1914-1921 were very badly documented with little Resource material for him to refer to. Also, one of his most wonderful sources of information, Elliot Durnford (B.C.S. 1916-1919) died in 1974.

The manuscript is divided into three parts — 1 Qualities of the School which made it enduring; 2 Chronological History and 3 a Section of an entire spectrum of subjects. For instance, the School had four fires which played major roles in the development of B.C.S. This part of the book has bits of trivia such as famous nicknames and a petition signed by several students in the 1930's demanding dry toast.

Graham says that he is not at all tired from his work and could go on and on developing the facts that he has accumulated. However, he is aware that you are all anxiously awaiting the birth of this special child. Nevertheless, you may have to wait at least until he solves the greatest mystery of all his research — Who got the Cleghorn Cup in 1948?

## THANKSGIVING WEEKEND REPORT

LENNOXVILLE, October 9th, 1976. Despite the cold weather and a deluge of rain, seventy-two Old Boys and twenty-five Old Girls donned their Adidas to challenge the senior teams in Football, Soccer and Field Hockey.

It is evident by the scores that the Alumni can stand up to any obstacle. The Old Boys Football Game had to take the cake with the Old Boys gliding and sliding through the mud to win 28-0. They were such a graceful sight!

Old Boys Soccer was another messy event which looked more like an ad for "Drydees" than a serious exercise in skill. The Old Boys were victorious with a final score of 3-0.

Girls Field Hockey took place in a swampy looking field and none of the Old Girls were sticks-in-the-mud even though most of them ended up stuck in it! They won over the senior team by a score of 3-1.

Even in Girls Soccer, the Oldies held their ground (what was left of it) to tie the game 4-4.

Why in the world would these Alumni put themselves through such an ordeal and possibly head back home with pneumonia? A touch of group masochism? The answer was in the reward for their efforts. They were greeted in the Dining Hall afterwards with plenty of food, drink (only as an antidote, of course) and good friends.

Hoping that many more of you will be able to join us next year!

## HELP THE LIBRARY

The Holt library is always grateful for gifts of new or used books, and periodicals such as National Geographic, Scientific American, etc.

We need new or recent encyclopedias and non-fiction books on a wide variety of subjects, to be used as resource material for student projects.

If you are the author of a book, or other published material, we would be very pleased to receive a copy for our "Special B.C.S. Collection."

James B. Winder  
Librarian.  
(B.C.S.-1942-52)

# EDITOR'S NOTE

*My apologies for the absence of pictures but my resident photographer was in the midst of Christmas exams when I needed him. I promise you some photographs in the next issue!*

*Also, I would like you to know how interesting and fun this first Bulletin of mine has been to write and compile. Many of you expressed to the School how badly you wanted to see a Bulletin like the good old ones by Graham Patriquin. However, those are awfully big shoes to fill, especially for a girl who didn't even know what a Galley Proof was until just a few weeks ago! I tell you this because I would really like to hear your opinions of this first attempt. Please keep sending any news or comments so that the Bulletin can grow into something you will really look forward to getting in your mailbox! Hopefully, with your suggestions, each edition will get better and better.*

Margot Graham.

# K.H.C. BUILDINGS

Several Old Girls have written in wondering what has happened to the King's Hall property. Well, it's still there and certainly not standing idle. The buildings have been rented out to house many students of Champlain Regional College. They reside there but attend their classes at the Bishop's University campus.

The property is a constant scene of activity with barn dances, beer feasts, etc. (how times have changed!) In charge of this wild group is B.C.S. Old Boy, Gordie Glass ('60) who is living in Gilly's house in the Old Building.

I don't think that the quiet town of Compton will ever be quite the same again!

## HOCKEY

### (NEW) OLD BOYS vs SENIOR TEAM

LENNOXVILLE, Jan. 8, 1977—  
The spectators were given a real treat of some very unconventional, if not incredible skating by the Old Boys. Unfortunately, roughing, slashing and tripping did not pay off and the Senior Team won the game by a score of 3 - 1.

The Old Boys were expected to have the edge, especially since four of the players are on the varsity team at Bishop's University. The result however, was that the teams seemed equally matched. The real downfall for the Old Boys was that they just couldn't move in those shrunken sweaters which ripped on every slap-shot (new ones have been ordered, by

the way). The captain, Tom Lynch got off to a slow start but perked up when a glass of ice water was poured down his hockey pants by an avid onlooker!

The star player, who scored the only Old Boy goal was Peter Marchuk, assisted by D. Fuller and F. Kaneb. The other players were S. MacTavish, M. Medland, D. Bonnet, D. Vaughan, R. Vaughan, J. Serventi, I. Hunt, G. Price, S. Pritchard and P. Dunn.

The game ended with a pile up on centre ice and a reception was held afterwards in the Board Room for this team who had given us all such a good laugh. Better luck next time!

# A NOTE OF THANKS

Miss Gillard has asked me to tell you that she is enjoying her subscription to "This England" immensely and would like to thank all of you for providing her with this beautiful magazine.

The Alumni Association has been renewing the subscription as a gift to Miss Gillard for the past few years. It is a quarterly periodical containing gorgeous photographs of England's countryside, news items, poetry and many articles of interest to Englishmen and women all over the world.

Gilly looks forward to each edition and is very grateful to you all.

## B.C.S. ATHLETICS

B.C.S. is still providing very active and productive sports programs. Teamwork and effort have been effectively coached in both girls and boys interscholastic and intramural programs and the results have been very rewarding. The teams are respected by opponents for their sportsmanship and playing ability! The "small school in the woods" is also winning its share of games and titles.

The especially encouraging part of the program has been the steady improvement of the girls athletic teams. This year, ETWIAAC Senior Soccer was won by Mr. Bateman's young ladies. Before Christmas, Mrs. Sakamoto's Bantam girls Volleyball team won the right to represent the area at the zone playoffs in March.

The prospects for the winter program look very bright in all sports and the coaching staff are very optimistic.

COL. C.G.M. GRIER (ex-headmaster) recently celebrated his 80th birthday and his 50th wedding anniversary.

## GOOD CHOIR NEWS!

This year's choir of seventy-six students would make you proud. It contains 10 Trebles, 24 Sopranos, 13 Altos, 16 Tenors and 13 Basses. Choirmaster, Gwilym Bevan works with them 4-5 hours a week and as a result the Chapel has been packed with guests wanting to hear them.

This year, there have been special services at Thanksgiving and on Remembrance Sunday which included works accompanied by trumpets and drums. On Advent Sunday (Nov. 28) the choir sang along with a choir of adults conducted by Donald Patriquin (B.C.S. 1946-1956) in the gallery and on December 16th, the traditional Carol Service took place in the Chapel. Those voices really put everyone into the Christmas spirit!

As many of you remember, a recording was made of the School Choir in 1962 and there are plans being made to have works by this year's members put on a record also.

If you have not heard them yet, you can catch them singing in Montreal on April 24th at St. Peter's in the Town of Mount Royal.

Many thanks to Mr. Bevan and the great work by Choir Mother, Mrs. Brady for producing such fine music from these students.
